### The Coronavirus

The Coronavirus has become more serious. Many counties around the state have made the hard decision to cancel "in person" school for the remainder of the school year. We will continue to meet online and practice distance learning. We still advise you to go outside and exercise. It's good for both your physical and mental health, but when outside, be sure to practice social distancing, avoid touching unknown surfaces, and stay safe!

### What Is Social Distancing and Why Is It Important?

According to the Center for Disease Control, social distancing, also called "physical distancing," means keeping space between yourself and other people outside of your home. To practice social or physical distancing:

- Stay at least 6 feet (2 meters) from other people
- Do not gather in groups
- Stay out of crowded places and avoid mass gatherings

Spread happens when an infected person coughs, sneezes, or talks, and droplets from their mouth or noses are launched into the air and land in the mouths or noses of people nearby. The droplets can also be inhaled into the lungs. Recent studies indicate that people who are infected but do not have symptoms likely also play a role in the spread of COVID-19. It may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or eyes.

## Sports!

### NFL

This offseason has been a crazy one as 6 time Superbowl Champ, the G.O.A.T himself, Tom Brady has signed with the TAMPA BAY BUCCANEERS. Another huge offseason deal that happened is Philip Rivers was traded to the Colts. There have been even more crazy trades: Deandre Hopkins for David Johnson, Melvin Gordon for Chris Harris Jr., and Todd Gurley signed with the Atlanta Falcons. Many people do not think that the NFL's 101st season will be postponed or canceled because of the coronavirus. We all hope it's eradicated by then!

### NBA

Have you readers heard? Some players in the NBA have been exposed to coronavirus. The one and only Kevin Durant tested positive on Tuesday, March 17. On the same day, 3 other players from his team tested positive too. Luckily as of April 1st, the four players have not been showing severe symptoms. This coronavirus outbreak has caused the entire NBA to postpone its season, just when the playoffs were coming on April 18!

### NHL & MLB

Both the NHL and MLB have been postponed their seasons. Both leagues hope to return sooner rather than later.

## Family Fun

Need some ways to spend the time at home? Well I have got some ideas: 1) Play games. This is a perfect time to play board games, cards, and online games with your family. 2) Crafts. Create more things. Use your imagination. Have fun! 3) Movie time. Watch movies you've been putting off seeing. You have time. Watch a new movie or maybe your favorite one again. 4) Take walks and get a little exercise. 5) Garden if you have one. Plant now and see what grows over the next several months. 6) Spend more time with family and use this "extra" time to enjoy each other's company. 7) Most importantly, stay safe and healthy!
